**Re: CURRENT NSW HEALTH COMMUNITY SPORT RESTRICTIONS TO BE LIFTED**

NSW Health & NSW Office of Sport have released that the current restrictions in place for community sport will expire as from this Saturday 26<sup>th</sup> September 2020.

Womens Bowls NSW & Bowls NSW would like to thank the clubs and members for their patience during this 6-week restriction phase.

As from Saturday 26<sup>th</sup> September, both Associations advise that:

- All Association events at District/Region/Zone level can recommence.
- Clubs can run tournaments/President's days etc. without the restriction of participants being from their local or neighboring LGA area only.
- The restriction on minimising spectators and one parent only for junior sport has also been lifted. (Please still ensure spectators are practicing social distancing recommendations).
- **Associations and Clubs are reminded that they must still ensure their activity is delivered in compliance with current Public Health Orders and COVID-19 safety plan requirements.**
