Re: District Expenditure Policy

This circular is a reminder for all Districts that the District Expenditure Policy remains in effect for all Districts across NSW. Please refer to the District Expenditure Policy below:

[District Expenditure Policy](#)

It is a misconception that because this policy is linked to Women's Bowls NSW, that it is not effective under Bowls NSW. This is entirely incorrect. The above District expenditure policy is still in effect, and it is an expectation that all districts are Governing their affairs in line with this policy.

In addition, below is a link to the Operational Procedures for Districts which must also be followed by Districts to ensure consistency of methodology between all Districts and District Committees:

[Operational Procedures for Districts](#)

It is important to note that wherever 'Women's Bowls NSW' is mentioned in these policies, this simply means 'Bowls NSW'. This change was enacted and agreed upon State unification, and it is expected that District members understand this point and that these policies remain in place and effective.

We request that you please circulate this update to your District committee members and any other stakeholders who require a refresher on this policy.

With thanks,

A handwritten signature in black ink, appearing to read "Tim Rowe".
