Regarded by many world-wide as the most competent technical coach of them all, Bob Fishlock's forte was the ability to get the best out of bowlers, particularly younger ones. In fact, he wrote a dossier on Pennant play, including a great inclusion on defence. Hamilton, Windale-Gateshead and Lambton Clubs all learned under Bob's tutelage.

Bob Fishlock travelled all over NSW setting up coaching clinics for interested bowlers; all at minor recompense.

He telephonically coached some of the best bowlers overseas, interstate as well as locally. One discussion or lesson put many back on track.
