

BOWLS
NEW SOUTH WALES

Inter School Challenge 2024

Bowls NSW will be running the Inter Schools Challenge in 2024

This competition will be played across NSW with winners advancing through their local school and partner bowling club to a regional play-off and then on to the State Finals.

Teams will consist of triples (boys, girls or mixed team), playing matches comprising of 2 bowls per player over two 5-end sets with a sudden death play-off if sets are equal or tied.

Players must attend the same high school (years 7-12). At least two students per team must be a non-affiliated player (not a playing member of a bowling club). An exception will be granted if any of the non-affiliated team members joins a bowling club during the competition.

NSW High Schools and NSW bowling clubs are encouraged to align together to host an intra-school play-off which will then proceed to a regional play-off. One winner from the region will then advance to the State Finals.

It is recommended for clubs/schools to organise a coaching program for interested students prior to the competition, followed by the number of weeks needed to conduct a competition to gain a club/school representative team to advance to the regional play-off.

Bowls NSW together with Bowls Australia Club Support Managers (CSM's) will be available to assist clubs and schools with coordinating local competitions and regional play-offs.

Recommended Timeline for 2024

Term 1

Club to organise school for training.

Late Term 1

Clubs to organise school to have a competition to determine a school champion.

May 2024

Winning school teams to play-off against other schools in the region.

September 2024

Regional winners to compete at State Finals.
